

Dear Employer:

Would you like to increase the visibility of your business to a larger pool of job applicants? Would you like your business to be included when companies inquire about the availability of products and services in your community? To positively respond to these questions and to expand the opportunity for additional sales by companies such as yours, the Idaho Department of Labor, Idaho Department of Commerce and the Idaho Career Information System plan to publish a new *Business Directory of Idaho* with a complete listing of Idaho companies by business category. It will be on the Internet for worldwide accessibility.

The information needed for this directory is already being collected regularly by the Idaho Department of Labor so this requires no additional effort on your part. With your written consent, the Idaho Department of Labor can release basic information on your company for publication in the new directory as well as publish more accurate county industry statistics.

To include your company in the *Business Directory of Idaho*, please sign the endorsement form below and return this letter by fax to (208) 334-6455 or mail to Connie Cleveland 317 W. Main Boise, Idaho 83735. If you have questions, please contact Connie Cleveland, Idaho Department of Labor, telephone (800) 772-2553 or, in Boise, 332-3570 ext. 3204 or by e-mail at connie.cleveland@labor.idaho.gov

Yes, please include my business with the other 17,000 successful Idaho businesses that are listed in the official Business Directory of Idaho.
